Brightspace Pulse Mobile App for BlazeVIEW

Stay connected with your BlazeVIEW courses with the free Brightspace PULSE mobile app. Available on the App Store and Google Play, the app allows you to utilize D2L Brightspace even when you're on the go.

The main features of the app include:

- View upcoming items that are due
- See a graphical view of work for the week
- View Notifications / Announcements
- View Content and Grades
- View and Reply to Discussions

Note: We recommend that you use a desktop or laptop computer to complete assignments and activities. Activities that are not natively supported by the Brightspace Pulse app will attempt to open up your device's browser.
