is a dynamic, real-time class scheduling tool that allows you to create a schedule based on the courses and times that work best for you by arranging selected courses into conflict-free timetable options and display

Begin in the   panel.

Click the desired   (i.e., Fall, Spring, and Summer) using the   in the top left-hand corner of the screen.

You can omit this step or click   to open lists. By default, all selections are marked. Click the individual checkboxes to add/remove options, or click Select None to remove all options.

1. In the   search box, type in a course using one of the following methods:
   (i.e., ACCT 2110   ENGL 1120) *or*
   (i.e. calculus or Intro to Business) *or*
                      (i.e., Patel or Sharen Smith) *or*
             r (i.e.,

p. 261 n .000002 Tf 1 Xl TJ ETo3Pt6* n 0

Under the Select Courses section, the courses you added are listed in colored boxes and contain the following information:

Course Name

Location and instructional method

Class Sessions – click   or   to

This can help to narrow your results.
