This information outlines the requirements of a fire watch if the fire alarm and/or sprinkler systems in any Valdosta State building become $\underline{\underline{v}}$ or $\underline{\underline{v}}$ $\underline{\underline{n}}$ A fire watch allows buildings to be temporarily occupied when fire alarm and/or sprinkler systems are out of service. A fire watch is required at all times when buildings are occupied. In unoccupied buildings the need for a fire watch is determined by the Director of Environmental and Occupational Safety.
