Professional Behaviors ad Dispositions Assessment (PBDA) Guidelines

The PBDA was developed by a task force of Geoeglucators. The assessment is based on the contributions of dozens of education experts who spent hundreds of hours in its development, and therefore, the task force cautions against changing fathye content of the rubor when using it to assess candidates. Within teacher prepagatprograms, the PBDA is intended to embedded in a longitudinal, comprehensive, and systematic plansupporting preservice teachers.

Program completers should pass the assessment withimum score of "Meets Expectations" on each of the 14 indicators. The target total by the end of the summative assessment is 28 points for 14 items (X 2 points = 28).

Notes on Scoring the PBDA

The PBDA contains 14 criteria, inethform of Outcome Statements, that we been carefully selected by the task force. The score for eatern is designated as follows:

Does Not Meet Expectation	is 0 poir	nts
Developing	1 points	5
Meets Expectations	2 poin	ts
Exceeds Expectations	3 poir	its

Indicators are included for each countore statement to describe the level of performance expected at each scoring level. Assessors should result of the indicators carefully, ibg careful to avoid the tendency to always rate good students at the highest level iterion should only becored as "Exceeds Expectations" when the candidate demonstrates vite for dispositions that identify them as significantly advanced beyond the expectations for their first year of the formation. In most cases, this level

Important note: If an assessor makes more than 5 items as "Not Observed," it should be assumed that the assessor has insufficient knowledge of the notatidate and should not be used to complete the assessment.

Note: Dispositions must be scored by the follogvobservers during the following transition points:

Transition Point		Observation Type/Observer
XXXX 2999 Course: Entry to the Profession	First semester in program or njust prior to beginning prograr	Teacher Candidate Self-Assessment
	Near end of final field experience prior to clinical practice/student teaching	University Supervisor
Mid Formative	Mid-point of clinical practice/student teaching	University Supervisor Mentor Teacher Teacher Candidate Self-Assessment
Summative	Near end of clinical practice/student teaching	Collaborative with University Supervisor, Mentor Teacher, and Teacher Candidate

Additional dispositions ratings may be used at the parms discretion. This same form will be utilized for all dispositions ratings.
