Candidate Assessment on Performance Standards

Professional Behaviors and Dispositions Assessment

User Guide

Walkthrough:

The COEHS minimum requirements (level II) are mandatory for all initial teacher candidates prepared at Valdosta State University; however, individual programs may choose to set higher minimum requirements for successful completion of clinical practice, and these program requirements must be included in the course syllabus for student teaching/internship for those individual programs.

It is the expectation that candidates will strive to achieve a level III rating across all standards; therefore, the possible evidence provided includes behaviors expected of teacher candidates performing at level III. When determining the rating for a standard, consider the overall frequency and degree of effectiveness observed.

<u>Ratings and Descriptors</u>

Rating	Descriptors
Level I	Rarely demonstrated and/or demonstrated inadequately
Level II	Inconsistently demonstrated and/or demonstrated with limited success
Level III	Consistently demonstrated and/or demonstrated adequately
Level IV	Continually demonstrated and/or demonstrated with success. This level is not intended for formative assessments of teacher candidates and may only be used in the summative assessment with proper documentation of the teacher candidate's consistent performance at this level.

What possible evidence could I observe and record for each performance standard?

Professional Behaviors and Dispositions Assessment (PBDA) Guidelines

The PBDA was developed by a task force of Georgia educators. The assessment is based on the contributions of dozens of education experts who spent hundreds of hours in its development, and therefore, the task force cautions against changing any of the content of the rubric when using it to assess candidates. Within teacher preparation programs, the PBDA is intended to be embedded in a longitudinal, comprehensive, and systematic plan for supporting preservice teachers.

Program completers should pass the assessment with a minimum score of "Meets Expectations" on each of the 14 indicators. The target total by the end of the summative assessment is 28 points for 14 items (14 X 2 points = 28).

Notes on Scoring the PBDA

The PBDA contains 14 criteria, in the form of Outcome Statements, that have been carefully selected by the task force. The score for each item is designated as follows:

Does Not Meet Expectations	0 points
Developing	1 points
Meets Expectations	2 points
Exceeds Expectations	3 points

Indicators are included for each outcome statement to describe the level of performance expected at each scoring level. Assessors should read each of the indicators carefully, being careful to avoid the tendency to always rate good students at the highest level. A criterion should only be scored as "Exceeds Expectations" when the candidate demonstrates behaviors or dispositions that identify them as significantly advanced beyond the expectations for their first year of teaching. In most cases, this level

Important note: If an assessor marks more than 5 items as "Not Observed," it should be assumed that the assessor has insufficient knowledge of the candidate and should not be used to complete the assessment.

Note: Dispositions must be scored by the following observers during the following transition points:

Transition Point		Observation Type/Observer
XXXX 2999 Course: Entry to the Profession	First semester in program or just prior to beginning program	Teacher Candidate Self-Assessment
Final Field Experience	Near end of final field experience prior to clinical practice/student teaching	University Supervisor
Mid Formative	Mid-point of clinical practice/student teaching	University Supervisor Mentor Teacher Teacher Candidate Self-Assessment
Summative	Near end of clinical practice/student teaching	Collaborative with University Supervisor, Mentor Teacher, and Teacher Candidate

Additional dispositions ratings may be used at the program's discretion. This same form will be utilized for all dispositions ratings.
